TRANSFERS

Transfer at today's rate

If you're happy with the current exchange rate or need to move quickly, spot transfers are a fast, simple solution.

Plan beyond today's rate

Our OFXperts specialise in international payment solutions, which means we can support you and your business with tools beyond booking a transfer at today's rate. Some of our most useful services include:

SECURE TODAY'S RATE

Use our Forward Exchange Contracts to secure today's currency rate for a future transfer up to 12 months, giving you certainty even when the markets are moving.

SET AND FORGET

Keep your eyes on your business, not exchange rates. OFX Limit Orders let you set a target exchange rate – if the market hits that rate, we'll automatically process your transfer.

ONLINE SELLERS

Local. Global. Ecommerce businesses. Collect funds and make payments in multiple currencies from around the world with the OFX Global Currency Account.
